his 130, and therefore having very much the better or the weights, according to the scale, beat him a nose in track record time for six and a half furlongs. Two days later with 125 pounds up he made a show of Galves and others in within a fifth of a second of La Reine Hindoo's time. These are his best races at this meeting. Yuba's only defeat out of seven starts was by Miles in the illordered three-cornered affair of Sept. 29. She has won her only two starts against older horses. Her most noteworthy performance was that of a few days ago when in the fastest six furlongs of the meeting she beat a shifty lot of older horses to which she was conceding all the way from eight to twenty-four pounds.

horses to which she was conceding all the way from eight to twenty-four pounds. Whatever the result may be, the liandicapper apparently considers the 2-year-old much the best of the small field, as she is asked to concede Glorio nine and Ethon eleven pounds. On paper it cartainly looks as if she had been dealt with harshly, but the judgment of the handicapper may be borne out by the result of the race. It seems safe to predict that the horse which wins will make a new track record.

Madeline Musgrave, whose defeat in the fifth race yesterday was a body blow for the plungers, coming as it did on the heels of the defeat of La Reine Hindoo, was claimed out of the race by W. C.
